Hingeable Retainer Extrusions For Rigid Plastic Faces

Note: The Dual Frame with 2-1/4" Dual Frame Cover and the 1-1/2" Frame with 1-1/2" Frame Cover for Rigid Plastic Faces, is engineered to be used on the sides of the cabinet in conjunction with the 2-1/4" Retainer or 1-1/2" Retainer II. This will allow the covers to be removed in order to slide the face in and out.

For Bleed Pan Form Faces

Note: It is recommended to use safety chains and prop-bars on all hingeable faces.

Flexible Face Preparation / Extrusion Guidelines

Tension Clip and Flexible Vinyl Requirements

Frame Type (Part # - Name)	Face Trim Size "ADD" to overall Height and Width of the assembled frame.	Clip Line "DEDUCT" from trim size on all (4) four sides.	Clip Placement (on Center)	Tension Tool (Part #)
#2065 - Dual Frame	3"	1-1/2"	6"	5135
#2112 - 2" Retro Frame	3"	1-1/2"	6"	5135
#2094 - 1-1/2" Fascia Frame	3"	1-1/2"	6"	5135
#2085 - Tension Frame	6"	1-1/2"	5"	5135
#2105 - Bleed Retro Frame	6"	1-1/2"	5"	5135
#2104 - Flat Bleed Retro Frame	6-1/2"	1-1/2"	5"	5135
#2092 - Bleed Fascia Frame	6"	1-1/2"	5"	5135
#2142 - Dual Divider	3"	1-1/2"	5"	5135
#2090 - Wall Mount Tension Frame	4-1/2"	2-1/4"	5"	5137/5138

Note: Cut away a 2-1/2" square notch from each corner of the trimmed to size face material. (It can be an advantage not to cut away the 2-1/2" square notch from each corner for Bleed Frame or Wall Mount Tension Frame applications.)

Complete tensioning instructions are available.
 UL Recognized Component Systems
 The Underwriters Laboratory file number is E136850

Extrusion Guidelines

- Size of Sign**
- Single Face Body Typically limited by the comfort factor for hinging the faces open for service.
 - Medium Body Typically limited to approximately 64 square feet (8' x 8').
 - Wide Body Typically limited by the comfort factor for hinging the faces open for service.
 - 1-1/2" Retainer Typically limited to 32 square feet (4' x 8').
 - Fascia Frames Typically limited to 6' in height - unlimited length.

If the size of the sign is such that hinging open for service is not applicable, SignComp offers two choices:

- 1) Steel framework with SignComp retro fit extrusions - Access panels through fabricated cabinet.
- 2) Service the sign by removing the face -
 - a) Rigid plastic faces - The Dual Frame Cover may be removed to allow the plastic faces to slide to one side.
 - b) Flexible fabric faces - Tension Clips easily release to allow access to the interior of the sign.

- Steel Support**
- Single Face Body Not applicable.
 - Medium Body Up to a 3" x 3" steel tube, see page 15.
 - Wide Body Up to a 4" x 6" steel tube, see page 15.

- Round Steel pipe may be substituted.
- The 3" x 3" and 4" x 6" steel will allow for perpendicular Frame Braces and Frame Support Tubes.

Note: SignComp extrusions are engineered and designed to allow for a wide latitude of designs and applications. The fabrication techniques and material selection are at the sole discretion of the individual fabricator.

Note: All dimensions are subject to the tolerance standards of the aluminum extrusion industry. Profile drawings are illustrative and rounded to the nearest 1/16".

Frame Brace and Frame Support Tube Placement

Compression Bracing for Flexible Vinyl Faces

DUAL FRAME, TENSION FRAME & DUAL DIVIDER
Place a vertical Frame Brace and Frame Support Tube approximately every 36" on center. Cut and insert horizontal pieces of Frame Support Tube approximately every 36" in between the vertical assemblies.

RETRO FRAMES
Applications where the Retro Frame carries the compression load, placement of the Frame Brace and Frame Support Tube is the same as the Dual Frame, Tension Frame and Dual Divider.

Wind Bracing for Rigid Faces

2-1/4" RETAINER & DUAL FRAME
The Frame Brace and Frame Support Tube may be used to tie the top retainer to the bottom retainer for large hingeable face applications.

2" DIVIDER & 2-3/4" DIVIDER
Place a minimum of one (1) vertical Frame Brace and Frame Support Tube in the center of each 12' span.
Note: 12' span- one assembly - 18' span- two assemblies.

- Do not place the Frame Brace and Frame Support Tube directly in front of parallel steel support structures.
- Place all Frame Braces and Frame Support Tubes directly in between parallel lamps.
- Frame Braces and Frame Support Tubes that are perpendicular to lamps will not cause shadows.
- Medium Body will accept a 3" x 3" square steel support tube and accommodate the perpendicular placement of Frame Braces and Frame Support Tubes.
- Wide Body will accept a 6" x 4" rectangular steel support tube and accommodate the perpendicular placement of Frame Braces and Frame Support Tubes.

Commercial Kits

Note: All dimensions are subject to the tolerance standards of the aluminum extrusion industry. Profile drawings are illustrative and rounded to the nearest 1/16".

S/F and D/F Unassembled Kits For Rigid Faces

See Pages 15 & 17

Retro Body with 1-1/2" Retainer II

Part #K2040/53

One vertical side will be 1-1/2" Frame with 1-1/2" Cover.

Retro Body with 2-1/4" Retainer

Part #K2040/45

One vertical side will be Dual Frame with Dual Frame Cover.

Slimline S/F Body with 1-1/2" Retainer II

Part #K2020/53

One vertical side will be 1-1/2" Frame with 1-1/2" Cover.

Slimline S/F Body with 2-1/4" Retainer

Part #K2020/45

One vertical side will be Dual Frame with Dual Frame Cover.

Narrow S/F Body with 1-1/2" Retainer II

Part #K2021/53

One vertical side will be 1-1/2" Frame with 1-1/2" Cover.

Narrow S/F Body with 2-1/4" Retainer

Part #K2021/45

One vertical side will be Dual Frame with Dual Frame Cover.

Single Face Body with 1-1/2" Retainer II

Part #KSF/53*

One vertical side will be 1-1/2" Frame with 1-1/2" Cover.

Single Face Body with 2-1/4" Retainer

Part #KSF/45*

One vertical side will be Dual Frame with Dual Frame Cover.

Medium Body with 1-1/2" Retainer II

Part #KMB/53*

One vertical side will be 1-1/2" Frame with 1-1/2" Cover.

Medium Body with 2-1/4" Retainer

Part #KMB/45*

One vertical side will be Dual Frame with Dual Frame Cover.

Wide Body with 1-1/2" Retainer II

Part #KWB/53*

One vertical side will be 1-1/2" Frame with 1-1/2" Cover.

Wide Body with 2-1/4" Retainer

Part #KWB/45*

One vertical side will be Dual Frame with Dual frame Cover.

Kits Include:

- Cut-to-size and mitered body extrusion and retainers.
- All screws required to assemble by mechanical fastening. Note: Raceway Cover Screws are not included.
- All Body/Frame Corner Angles and Corner Keys required.
- Packaging.

Not Included in Kits:

- Faces or Backs.
- Electrical Components.
- Ballast Bracket(s).
- Back Braces and Gussets.
- Radius Corners - See optional accessories.
- Raceway Covers - See optional accessories.
- Dividers - See optional accessories.
- Mounting Provisions.
- Internal Supports.

Optional Accessories:

- Raceway Covers - See page 13.
- Radius Corners - See page 12.
- Divider Bar - See pages 9 & 22.

Kit Sizes and Availability:

- It is recommended to order kits 1" over nominal T-12 lamp size to utilize .040 flat Aluminum Raceway Covers.
- Custom size kits may be cut to any dimension.

Recommended Lamp Spacing:

- For flat plastic, illuminated backgrounds using T-12 lamps:
- KMB/53 - 8" on center
- KSF/53 and KMB/45 - 10" on center
- KSF/45, KWB/53, and KWB/45 - 12" on center
- For S/F applications always place lamps 3/4" from back of sign.

Cut-To-Size Divider Kits Include:

- K2133 - 1-1/2" Divider
- K2138 - 2" Divider
- K2128 - 2-3/4" Divider

Divider kits include:

- Cut-to-size Divider
- Divider Corner Angles
- Screws for mechanical fastening

General Information:

- Finishes - See page 67. *Also available in Dk. Bronze.
- Additional information - See pages 15, 17 & 67.
- Cut-to-size and pre-cut kits are available locally through select sign supply distributors.
- Call Customer Service for pricing.

Note: All dimensions are subject to the tolerance standards of the aluminum extrusion industry. Profile drawings are illustrative and rounded to the nearest 1/16".

S/F and D/F Unassembled Kits For Flexible Faces without Reveal

See Page 16 & 20

**Flat Wall Mount Retro Body
w/ Flat Bleed Retro Frame & Cover**
Part #K2042/2104/21

**Flat Retro Body
w/ Flat Bleed Retro Frame & Cover**
Part #K2041/2104/21

**Flat Single Face Body
w/ Flat Bleed Retro Frame & Cover**
Part #K2027/2104/21

**Flat Double Face Medium Body
w/ Flat Bleed Retro Frame & Cover**
Part #K2007/2104/21

**Flat Double Face Body
w/ Flat Bleed Retro Frame & Cover**
Part #K2008/2104/21

**Flat 2 Piece Double Face Medium Body
w/ Flat Bleed Retro Frame & Cover**
Part #K2010/2104/21

**Flat 2 Piece Double Face Body
w/ Flat Bleed Retro Frame & Cover**
Part #K2009/2104/21

Kits Include:

- Cut-to-size and mitered body extrusion.
- Cut-to-size and mitered frames with covers.
- Tension Clips.
- All screws required to assemble by mechanical fastening.
- All Body and Frame Corner Angles required.
- All Corner Keys required.
- Packaging.

Not Included in Kits:

- Faces or Backs.
- Electrical components.
- Internal supports.
- Frame Braces - See optional accessories.
- Frame Support Tube - See optional accessories.
- Tension Tool - See optional accessories.
- Mounting provisions.

Optional Accessories:

- Frame Braces - See page 13.
- Frame Support Tube - See page 9.
- Tension Tool - See page 13.

Kit Sizes and Availability:

- It is recommended to order kits 1" over nominal T-12 lamp size to utilize .040 flat Aluminum Raceway Covers.
- Custom size kits may be cut to any dimension.

Recommended Lamp Spacing:

- For illuminated backgrounds using T-12 lamps:
- K2027/2104/21, K2007/2104/21, K2008/2104/21, K2010/2104/21, K2009/2104/21 - 12" on center.
- For Single Face applications always place lamps 3/4" from back of sign.

General Information:

- Finishes - See page 67.
- Additional information - See pages 16, 25 & 67.
- Cut-to-size and pre-cut kits are available locally through select sign supply distributors.
- Call Customer Service for pricing.

Note: All dimensions are subject to the tolerance standards of the aluminum extrusion industry. Profile drawings are illustrative and rounded to the nearest 1/16".

Wall Mount Tension Frame Unassembled Kits For Flexible Faces

Architectural System Accessories

Part		Part Number	Price per box of four (4)
Radius Corners For Rigid Plastic Faces			
	Series 7 Slide Body 7/8" Radius Corner Prepainted Black	4770	\$133.66
Note: The molded urethane plastic radius corner body is ground smooth to fit the extrusion profile. Grid lines and imperfections are present. Some surface preparation may be necessary. Not ready for paint.			
Part		Part Number	Price per 100
Hardware			
	Cap Screw	5040	9.00/100
	Cap Screw - Dk. Bronze	5040P	13.00/100
	Copy Bar Screw		
	Pre-drill and countersink 5/32" holes four (4) per Copy Bar. #10 x 1/2" stainless steel square/phillips drive countersink screw - Type A		
	Access Frame Cover Screw	5168	7.00/100
	Pre-drill and countersink 1/8" holes every 12" o/c on the cover.		
	Divider Tab Screw		
	Pre-drill 1/8" holes two (2) per Divider. #8 x 1/2" stainless steel square/phillips drive countersink screw - Type A		
	Hinge Screw	5175	12.00/100
	Pre-drill 5/32" holes through the retainer every 36" o/c along the top.		
	Closure Screw		
	Pre-drill 5/32" holes through the cover every 48" o/c along the bottom and sides. #10 x 5/8" steel zinc square/phillips drive pan head screw - Type B		
	Reveal to Body Screw	5218	17.00/100
	Pre-drill 3/32" holes every 12" o/c of Reveal.		
	Corner Angle Screw		
	Pre-drill 3/32" holes four (4) per body corner. #10 x 1/2" stainless steel square/phillips drive pan head tapping screw w/ wax - Type AB		
	Closure Screw	5230	13.00/100
	Pre-drill and countersink 5/32" holes every 36" o/c along the bottom and sides of retainer. #10 - 24 x 7/8" stainless steel square/phillips drive countersink machine screw.		
	Slide Body Corner Screw	5240	13.00/100
	Slide Body Corner Screw - Dk. Bronze	5240P	19.00/100
	Pre-drill and countersink 5/32" holes two (2) per corner along the body horizontals. #10 -24 x 3/4" stainless steel square/phillips drive countersink thread cutting screw - Type F		
	Series 3, 1/2 Slide Body Corner Screw	5241	6.00/100
	Pre-drill and countersink 1/8" holes two (2) per corner along the horizontals.		
	Access Body Corner Screw		
	Pre-drill and countersink 1/8" holes (2) per corner on the body verticals. #8 x 3/4" stainless steel square/phillips drive countersink screw - Type A		
	Slide/Insert Retainer Corner Screw	5270	13.00/100
	Pre-drill and countersink 1/8" holes (2) per corner on the retainer horizontals.		
	2" Beveled Frame Corner Screw		
	Pre-drill and countersink 1/8" holes (2) per corner on the frame horizontals.		
	Access Frame Corner Screw		
	Pre-drill and countersink 1/8" holes two (2) per frame end. #8 x 1-1/2" stainless steel square/phillips drive countersink screw - Type A		
	Hinge Screw	5280	17.00/100
	Pre-drill 5/16" holes through the retainer every 18" o/c along all sides of the retainer. #10 - 24 x 5/8" stainless steel allen head machine screw.		
	Rigid Retainer Hardware	5285	.61/ea
	Pre-drill and countersink 9/32" holes every 18" o/c along all sides of the retainer. 1/4" -20 x 1" stainless steel square drive countersink machine screw/bushing/lock nut.		
	Raceway Cover Screw	5290	7.00/100
	Pre-drill 1/8" holes every 24" o/c. #8 x 1/2" steel zinc square/phillips drive pan head screw - Type A

Series 12 Hinge Body w/ Extended 1/4 Round Retainer
Part #K1612/50

Series 12 Hinge Body w/ Beveled Retainer
Part #K1612/56

Kits Include:

- Cut-to-size and mitered Hinge Body. Hinge Body is designed for welded assembly.
- Cut-to-size and mitered retainers. Note: Slide Retainers are pre-drilled and countersunk. Bleed Retainer, 1/4 Round Retainer and Extended 1/4 Round Retainer are designed for welded assembly.
- All screws required to mechanically fasten.
- All Corner Angles and Corner Keys required.
- Packaging.

Not Included in Kits:

- Raceway Covers - See optional accessories.
- Ballast Bracket(s).
- Faces or Backs.
- Mounting hardware.
- Electrical Components.

Optional Accessories:

- 1/4 Round Ends - See page 54.
- Oversized Caps for 1/4 Ends - See page 45.
- Raceway Covers - See page 44.
- Divider - See page 52.

Cut to Size Divider Kits Include:

- K1662 - 1-1/4" Divider
- Cut to size Divider.
- 1-1/4" Divider Tabs.
- Screws for mechanical fastening.

Cut to Size 1/4 Round End Kits Include:

- K1671 - 6" Radius 1/4 Round End
- Cut-to-size 1/4 Round Ends.
- Cut-to-size Mounting Angle.
- Caps with 1-1/4" Reveal tab.

Cut-to-Size Post Kits Include:

- K1500, K1510, and K1530
- For use with Series 7 D/F Hinge Body Kits
- Cut-to-size Radius, Rectangular, or Triangular Post.
- Cut-to-size Reveal.
- Slightly oversized cap with screws.

Recommended Lamp Spacing:

- Series 7 S/F - 8" - 9" on center.
- Series 7 D/F - Not designed for full face illumination applications with flat plastic faces.
- Series 12 - 10" on center.

General Information:

- Finishes - See page 67.
- Additional information - See pages 51-52, 58 & 67.
- Cut-to-size and pre-cut kits are available locally through select sign supply distributors.
- Call Customer Service for pricing.

Additional Information

General Information

- The Commercial bodies and retainers shall be cut 1" longer than the nominal T-12 lamp size for horizontal or vertical lamping.
- General guidelines for lamp spacing: Double the distance between the front of the lamp and the back of the plastic face for your center to center lamp measurement. Maximum center to center is 12".
- Extrusion bodies, retainers, frames and covers are engineered for mechanical fastening, bonding with adhesive, or welded assembly.
- It is recommended to use safety chains and prop-bars on all hingeable faces.
- Assembly instruction sheets available.

Included in Kit Pricing

- Mill Finish or Dk. Bronze.
- Cut to size and mitered bodies.
- Cut to size and mitered retainers, frames and covers.
- All Body Corner Angles and/or Corner Keys as required.
- Packaging.

Included in Vandal System:

- Cut to size and mitered Inner Frame(s).
- Cut to size and mitered Outer Frame(s).
- Cut to size Hinge.
- Locks.

Not Included in Kit Pricing

- Faces or Backs.
- Electrical components.
- Structural supports, Frame Support Tube, back braces and gussets.
- Attachment of Hinge.
- Drilling of holes for locks and attachment of locks.

Optional Accessories:

- Radius Corners. See page 12 & 46
- Raceway Covers. See pages 13 & 44
- Divider Bar. See pages 9, 22 & 41, 52
- Gas Supports and mounting hardware. See page 30
- Frame Support Tube. See page 9
- Tension Tool. See page 13

Mill Finish

- No prior surface preparation. Surface scratches, die lines and imperfections present. Not ready for paint.

Dk. Bronze

- Exposed aluminum surfaces are coated with Quaker Dark Bronze primer/topcoat.
- Limited additional colors are available, minimum order will apply.

Pricing

- All prices are effective as of March 1, 2007. Due to fluctuation in the raw aluminum market, prices are subject to change without notice.
- Packaging is included in list prices.
- Freight shall be collect, F.O.B. SignComp.

Additional Information

Freight Policy

- The freight shall be prepaid, F.O.B. Grand Rapids, Michigan for single orders of extrusions and/or accessories whereby the invoiced amount is \$5,000.00 or more to any single destination within the continental United States or Canada.
- The freight shall be collect, F.O.B. Grand Rapids, Michigan for all orders other than as stated in this freight policy.
- All freight claims for freight collect shipments are the sole responsibility of the buyer.
- Any requests for expedited freight services shall be the sole expense of the buyer.
- Combining stock items with custom run items qualifies for freight prepaid status only when all items ship as one shipment.

Minimum Order

- Any single full length extrusion profile and/or prepackaged accessories.
- Any single kit.

Availability

- Typical extrusion and accessory orders ship within three (3) days upon receipt and acceptance of your purchase order.
- All orders will receive an approximate ship date upon receipt and acceptance of the written purchase order and confirmation.

Exclusive Warranty and Remedies

- In effect as of January 1, 2008.
- This is the exclusive warranty policy of SignComp, LLC, Grand Rapids, Michigan 49544 (the "Company") with respect to any and all of its products.

Exclusive Warranty

- The Company warrants you as the original purchaser that the Company's products will be free from defects in materials and workmanship, under normal conditions, upon shipment of said products from the Company, for 30 days.
- This exclusive warranty does not apply to damage caused by improper handling. The company shall have no liability or responsibility for any damage whatsoever caused by handling.
- The Company hereby disclaims any and all other warranties, including, without limitation, implied warranties of merchantability and fitness for a particular purpose. The only warranty with respect to the Company's products is described in this exclusive warranty. No oral or written representations shall extend the Company's exclusive warranty beyond that description herein.

Warranty Procedures

- The purchaser must notify the Company of any warranty claim prior to initiating any remedy upon the defective product. Upon receipt of such notice, the Company will direct that an authorized representative inspect the product and, if necessary, correct the defect in accordance with this exclusive warranty. The Company shall have the exclusive right to determine whether or not a defect is covered by this exclusive warranty.

Return Policy

- Returns of SignComp products will not be accepted without prior authorization and written RMA number from SignComp.
- Materials may not be returned for any reason other than defective product or incorrect fulfillment of order.
- All goods to be returned must be acknowledged in writing within the 60 day grace period from the date of the shipment. Any claims after this period will be considered invalid.
- All returned goods must be in new and saleable condition for full credit to be issued.

Additional Product Offerings

- Custom extrusions. Mill shipment programs.
- Pre-painted and cut to length extrusion programs.

Backorder Policy

- In the very unlikely event of a back order, the back order will be shipped freight prepaid only if the original order qualified for freight prepaid status.
- Additional materials may be added to any back order, shipped freight prepaid with the additional freight expense the responsibility of the buyer.
- Any expedited freight service requested by the buyer shall be at the expense of the buyer.

Remedies

- Provided that the warranty procedures are followed, the Company will repair and/or replace the defective SignComp product(s) during the applicable warranty period without charge for parts or labor.
- Repair and/or replacement of defective SignComp products is your exclusive remedy under the Company's exclusive warranty.
- The Company shall not be liable for any incidental or consequential damages if the Company's product is defective or does not conform to this exclusive warranty. In any event the maximum amount for which the Company shall be liable to the purchaser shall be the original purchase price of the defective SignComp product(s).
- Any claim for breach of this exclusive warranty shall be brought, if at all, no later than 30 days from the Company's breach.

Address for Notification

- Notice of a product defect covered by this exclusive warranty can be made in writing or by telephone. The Company's address and telephone numbers are:
