

See page 8 & 29 in the Standard Product Catalog for more details.

Features & Benefits

The Standard Product Line is engineered for fast, easy assembly. Each divider includes divider Angles that allow for the divider to be mechanical fastened to the cabinet. The divider is designed to allow for vertical and horizontal dividers to integrate easily. Hanging bar tabs are designed into the divider to hang the face from, giving the face a flat appearance and assisting in the prevention of the face blowing out. These are available in two finishes. (Mill Finish & Dark Quaker Bronze.)

Answers to FAQ's

- The divider accepts up to 1/4" thick face material.
