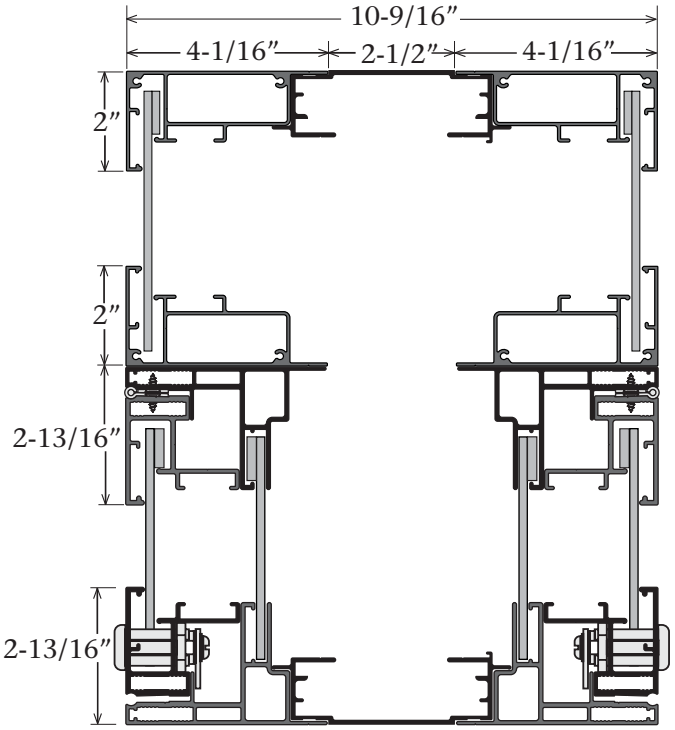
2Part 6" D/F Body - Part #1936
2Part Large Inner Frame - Part #1959
2Part Large Outer Frame - Part #1941
2Part Large Extended Retainer - Part 1939
Kit Designation - K1936/3/5/4



Features & Benefits

The Standard Product Line is engineered for fast, easy assembly. Each kit includes body angles that allow for bonding, welding or mechanical fastening. The body is extruded with large inner body flanges to provide for the attachment of internal structure and simple attachment of raceway covers. Hanging bar tabs are designed into the retainer and frames to hang the faces, giving the face a flat appearance and assisting in the prevention of the face blowing out. Keyed alike locks and the piano hinge are included. It is available in Mill Finish and Dark Bronze.

Answers to FAQ's
